

CASB/ SASE

Empowering Your Business and Elevating Your Security and Connectivity with CASB and SASE Solution

In today's rapidly evolving digital landscape, securing your organization's data and network has never been more crucial. Infocentric brings you state-of-the-art Cloud Access Security Broker (CASB) and Secure Access Service Edge (SASE) solutions that empower your business with unparalleled security, seamless access, and enhanced productivity. Our advanced technology ensures a comprehensive, holistic approach to safeguarding your data and enabling secure remote connectivity.

Features:

Cloud Access Security Broker (CASB) Capabilities:

- **Real-time Visibility:** Gain granular insights into cloud application usage and data flows, allowing you to monitor, control, and protect sensitive information.
- **Data Loss Prevention (DLP):** Prevent unauthorized data sharing and leakage with powerful DLP policies and content inspection.
- **Threat Detection and Protection:** Detect and respond to potential threats across cloud environments, ensuring robust security posture.
- **User Behavior Analytics:** Identify anomalous user behavior patterns and potential security risks to mitigate insider threats.

Features:

Secure Access Service Edge (SASE) Advantages:

- **Integrated Security and Networking:** Consolidate security and networking functions, reducing complexity and increasing efficiency.
- **Global Point of Presence (PoP):** Ensure high-speed, low-latency connectivity for remote and branch offices, enhancing user experience.
- **Zero Trust Architecture:** Implement a zero-trust approach to network access, verifying identities and devices before granting access.
- **Dynamic Scalability:** Scale resources based on demand, providing flexible and agile network infrastructure.

Why Choose Infocentric?

Expertise and Experience: With over a decade of experience in IT and marketing solutions, Infocentric is a trusted partner in delivering innovative and effective technology solutions.

Cutting-Edge Technology: Our CASB and SASE solutions leverage the latest advancements in cybersecurity and networking, ensuring your organization stays ahead of emerging threats.

Customization and Integration: We understand that every business is unique. Our solutions are tailored to your specific needs, seamlessly integrating with your existing infrastructure.

Proven Track Record: Infocentric has a proven track record of successful implementations across various industries, ensuring your investment yields tangible results.

Dedicated Support: Our team of dedicated professionals is committed to providing unparalleled support, from initial deployment to ongoing maintenance and updates.
